## Who We Are ...

It is a matter of great pleasure to introduce our selves as one of the premier an ISO 9001:2008 certified construction company . We have successfully established our selves as one of the preferred companies in and around NCR and other major locations in the Northern India.

ECR BUILDTECH PVT. LTD. is a concern set up by Mr. Esab Khan at Bhiwadi, our Chairman. He has been our growth engine, guiding and motivating force in the consistent growth of the company. Our team comprises of professionals with rich experience, technically qualified Project Managers, Site engineers safety/quality personnel, skilled artisans and workers with the strong from corporate office.

With the dadedicated team spirit and due diligence, we have accomplished many major projects over last two decades and continuing so with substantial quantum of on going projects.We have been delivering complete project execution/turnkey solutions to the entire satisfaction of our clients/cosultants in industrial/commercial and residential construction segments. This is how, we are marching ahead with newer goals without compromising on safety & quality, aspects keeping in focus the time lines set by our valued clients. While aspiring for high growth, we offer the most competitive services to our clients. Each and every opportunity is a new challenge. We are confident : `WE CAN DO`

## From Chairman's Desk

It has been a long and fruitful journey of more than two decades for our company to reach where it stands to day. It's a culmination of hard work and dedication of our team and contribution by workers /artisans at the grass root level. Consistent support from our esteemed clients, consultants, suppliers and all other stake holders has been of an immense help in creating the growth story. However, in today's competitive world, one can not afford to be complacent.Hence,the key to success is continuous improvement.We have imbibed the same in our culture aiming at consistent growth with an utmost satisfaction to our clients.Timely delivery of projects without compromising with the safety and quality are cosidered of prime importance by ECRBPL.

Our Motto : ETHICAL AND TRANSPARENT BUSINESS PRACTICES`

# VISION AND MISSION

## MISSION STATEMENT

ECRBPL is committed to value-added construction services to Clients by creating a successful partnership with them throughout the construction process. Our pledge is to establish lasting relationships with Clients by exceeding their expectations and gaining their trust through exceptional performance by every member of the construction team.

## VISION STATEMENT

Our Vision is to create and maintain an organization of highly skilled construction professionals that serve our Clients' needs with honesty and integrity. To provide an environment that promotes personal growth and self-pride. Ultimately, to differentiate ourselves as the builder of choice to those seeking quality, personal service, and value.

## Core Values

- ➔ **Safety First** - We ensure a safe, healthy work environment and a 'zero injury' culture.
- ➔ **Trust and Candour** - We conduct ourselves professionally, with candour, respect and integrity.
- ➔ **Passion for Excellence** - Pace-setting and innovative. Always striving to find a better way. Doing it right the first time - every time.
- ➔ **A People Focused, Learning Culture** - Developing the best leaders and realizing the full potential of our people. Learning is core - we never stop trying to improve.
- ➔ **Results Oriented** - We have a 'do whatever it takes' attitude. Empowered and entrepreneurial operations within a common framework of values, strategies and key processes.
- ➔ **Concern for the environment** - Identify and mitigate all the environmental aspects/impacts arising out of activities and Comply with applicable norms.

## WHAT WE OFFER

### SAFETY

We are dedicated to providing the safest workplace possible. We are continuously elevating our standards and training our personnel to maintain the same.

### QUALITY

A satisfied client is our goal; we will work tirelessly to ensure each customer is proud of the finished product by adopting and adhering to Quality Procedures, Materials and assurance.

### TEAMWORK

Our Personnel including Project team and workmen give us the Strength. We partner up with our clients to achieve our common goals by working effectively and efficiently.

### SUSTAINABLE CONSTRUCTION

We believe the life cycle of a project is just as important as the actual construction of the project. We are committed to delivering cost-effective sustainable construction practices and unparalleled service. Our commitment to educate and train our employees has enabled us to grow steadfastly.

Win repeat and referral business through customer satisfaction in all areas, including quality, timeliness, attention to detail and fast, friendly, flexible customer service. Ensure that all employees maintain the highest levels of professionalism, integrity, ethics and fairness.

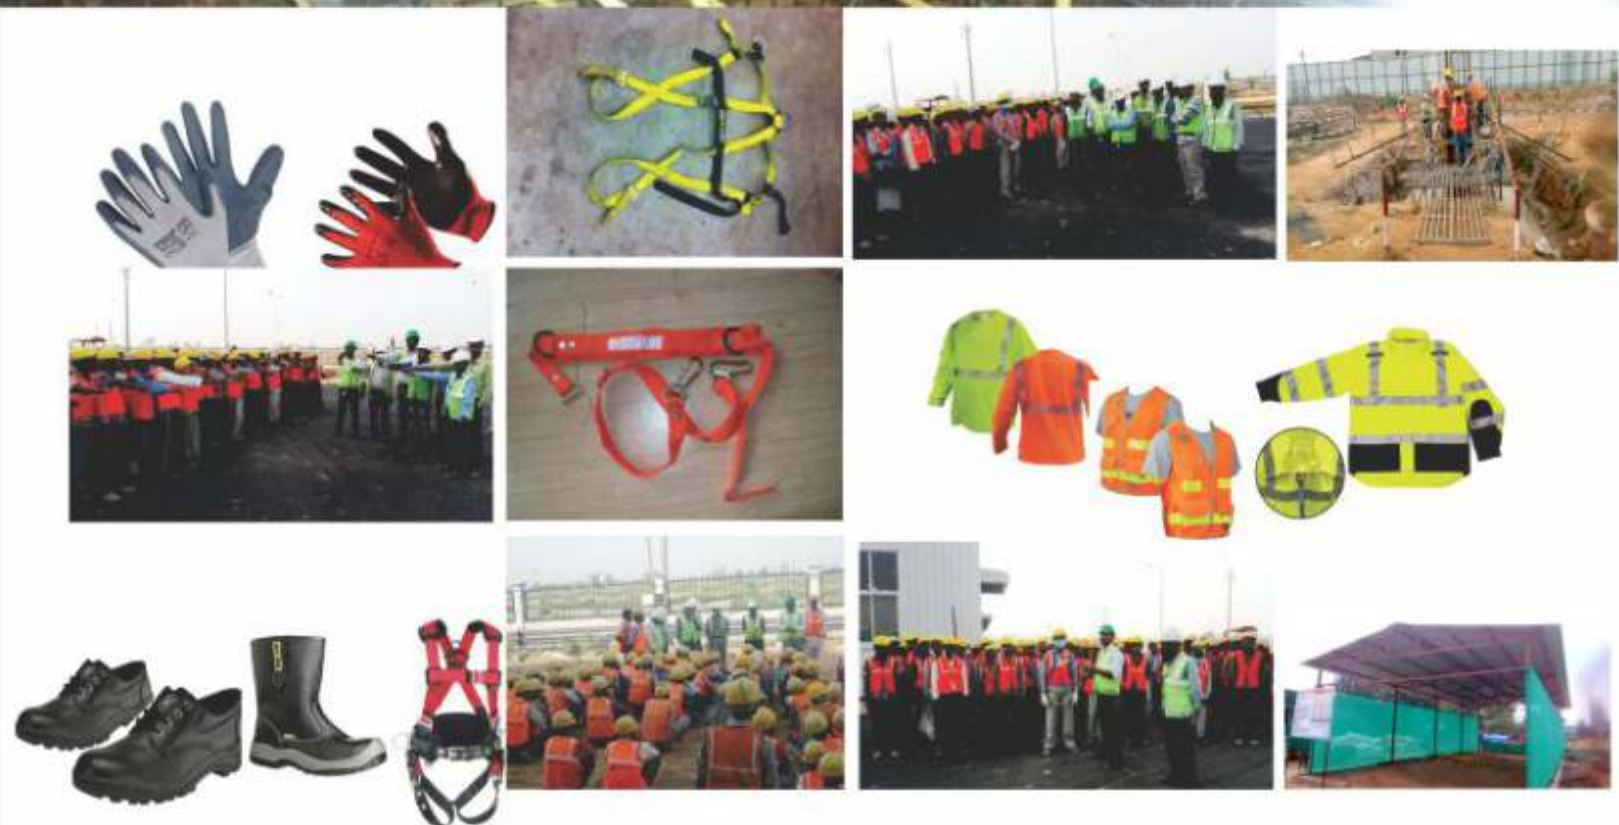

## SAFETY

ECRBPL has always understood the critical importance of safety and recognizes that an organizational culture must start from the top. We constantly work to make safety our first priority

### ENVIRONMENTAL MANAGEMENT POLICY HEALTH & SAFETY POLICY

1. Provide and maintain safe and healthy workplaces with safe systems of working practices and appropriate guidance.
2. Provide all employees with the information, instruction, training and supervision required to enable them to carry out their tasks safely.
3. Provide such protective equipment as is necessary for the health and safety at work of employees and visitors.
4. Engage and consult with employees on day to day health and safety conditions.
5. Provide and maintain plant, equipment and tools in a safe and reliable condition.
7. Make arrangements for safe handling, transport and storage of plant, equipment, tools, materials and substances.
8. Maintain good housekeeping and ensure disposal of waste.
9. Report all accidents and incidents of work-related ill health.
10. Implement a drugs, alcohol and smoking policy.

## SAFETY EQUIPMENT

# QUALITY FEATURES OF OUR MANAGEMENT

## QUALITY POLICY

Our quality management system is certified to ISO 9001: 2008 . We are committed to the Quality Management System and to its continual improvement, and thus insist that all staff and sub-contractors comply with it.

**ECRBPL** is committed to developing, maintaining and improving the Quality Management System by,

- ➔ **Clear** definition of authority, responsibilities and interfaces, documented in the flowchart
- ➔ **Procedures**
- ➔ **Encouraging** the Construction Team and support services to maintain a Client focus and meet all specified requirements
- ➔ **Mechanisms** to identify, isolate and control non conforming materials or work
- ➔ **Promotion** of efficiency and cost effectiveness
- ➔ **Identifying** training needs, provide training and assess its effectiveness
- ➔ **Producing** records which demonstrate the achievement of Client requirements
- ➔ **Getting** it right first time and on time
- ➔ **Delivering** the Client a Quality service to specification and budget

## ISO & OHSAS CERTIFICATES

# PROJECT MANAGEMENT

## CONTROL

We believe in the effective project management which includes strategies, tactics, and tools for managing the design and construction delivery processes and for controlling key factors to ensure that clients receive facilities up to their expectations and functions as intended.

We have experienced Engineers, purchase officers, storekeepers, labour contractors and safety officers for controlling the project by overall planning, procurement of material, labour arrangement, execution, safety measures, quality control, billing etc. Weekly meetings are being conducted for smooth functioning of the project.

## COORDINATION

As the proper coordination is very important for the success of construction projects, we emphasize on the frequency and improvisation in the quality of communication,

Our project coordinators are assigned to interact with clients, architects and other agencies for better performance of the project.

## MONITORING

Project teams are assigned to monitor all the items/aspects of the project effectively enabling to complete projects within time limit to the satisfaction of clients.

## RECORDS

Due care is observed on project sites too record keeping as demanded by safety quality & statutory requirement
